

State News

A rural free delivery of mail will be established out of Tampa.

Chicago capitalists are establishing a cement plant at Cartersville, Ga., at a cost of \$1,500,000.

The Virginia Editorial Association will visit Florida in a body during the coming month. After leaving Richmond, they will be the guests of the Seaboard Air Line.

Mrs. W. C. Beal has brought suit for \$10,000 against the city of Fernandina, on account of injuries received on the night of December 6, on a defective pavement. Such suits are rare nowadays.

The establishment of headquarters for the J. P. Williams Company and the Peacock, Hunt & West Company in Jacksonville independent of the Consolidated Naval Stores Company promises to make Jacksonville the largest naval stores shipping port in the world. The two companies, in addition to the Consolidated Company, have already started operating, and the increase in the naval stores business is being rapidly felt.

The following from the Daytona Gazette-News, is sensible: "A patron of the Gazette-News borrowed the Sanford Chronicle and the Orlando Sentinel-Reporter in order to choose a hotel at which to stop with a party of others who were going over in Orange county, but looked in vain for an hotel, and yet we frequently hear that it does not pay to advertise. Any paper, if circulation approaches the standard mark, is a valuable advertisement. Every business man with ability to read can make much of the advertisements the paper makes immensely rich. He has business acumen and practical, symmetrical, well-rounded brain will take the tip and as opportunities offer and the exigencies of the situation demand, place himself and his business before the public through the medium of the newspapers."

LAW FOR BURNING WOODS.

Section 2527 of the Revised Statutes of Florida reads as follows: "Whoever sets fire to or burns any wild forest, woods, lands or marshes, except between Feb. 15th, and March 31st, of each year, or between the said dates without giving two days previous notice to all persons living within one mile of the place intended to be fired, shall be punished by imprisonment not exceeding 60 days or by fine not exceeding \$100."

THE PALMETTO FIBER INDUSTRY.

Few Floridians realize what immense proportions the palmetto fiber industry is assuming in this state. Advice from the several plants throughout the palmetto belt tell of larger orders for the product than it is possible to fill with present facilities, and of additions being made to the plants.

From Melbourne comes the news that the plant there is making as fine fiber as ever produced in America; that they cannot begin to keep up with orders; that two new machines are now being built, and plans have been perfected for four more as soon as the two new ones are in running order.

Recently this factory was forced to decline an order for one thousand tons of fiber at good prices, just because they did not have sufficient capacity to supply it. When the new machinery is installed, the capacity will be largely increased, but the business too is growing rapidly and it is evident that additional machines will soon be necessary.

These facts demonstrate that there is room in this industry for profitable investment, and that a dozen additional factories could not overstock the market with this excellent fiber, which is yet unknown to a large percentage of the buyers of this nation, to say nothing of the possibilities of an export business.—Times-Union.

New Century Comfort.

Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pains from burns, scalds, cuts and bruises; cures ulcers and fever sores; cures eruptions, salt rheum, boils and felonies; removes corns and warts. Best cure on earth. Only 25c at W. A. Allen's and G. W. Fisher's drug stores.

Quite Natural.

"Isn't it strange that humorists are nearly always melancholy?" "Oh, I don't know. You see, they sell all their good humor, and then they have to get along the best they can on what's left."—New York Herald.

The Other Man.

"Dar am two sides to a victory," said Uncle Sam. "Dar's de pint ob view ob de victor and de p'int ob view ob de man dat gets licked. Mos' every victory means defeat for de udder chap."

The Secret of Long Life

Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate stomach, liver and kidneys, purify the blood, and give a splendid appetite. They work wonders in curing kidney troubles, female complaints, nervous diseases, constipation, dyspepsia and malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by W. A. Allen and G. W. Fisher, druggists.

PORT ORANGE.

Special Correspondence.
Port Orange, Jan. 26.—Our ladies are now busy making articles for a fair to be held next month for the benefit of Grace church.

Mr. Fightingmaster and Mr. Jones came from Kentucky last week and are boarding with Mrs. Case.

Mr. Appenzeller returned to Port Orange to finish out the season, after seeing his father buried in Illinois.

Mrs. Morell, who came here very sick, died Sunday afternoon. The body is to be taken to Illinois for burial.

Mrs. Donaldville was the hostess of the euchre party last Wednesday evening. All enjoyed themselves exceedingly, as they always do at these entertainments.

A boat load of ladies and gentlemen went picnicking down the river to Mosquito Inlet last Saturday.

U. S. Robertson took a large party down the Indian river last Monday in his large and commodious boat.

Mr. Hart is having the boat that he recently purchased extended and improved.

Mr. Myers, the resident minister of Daytona, has been appointed to preach here every Sunday afternoon instead of having a resident Methodist minister here.

You Know What You Are Taking

When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure, no pay, 50c.

Hibbard and Jolly Commissioned.

On Saturday the President reappointed J. H. Hibbard as postmaster at DeLand and J. M. Jolly as postmaster at Daytona. The friends of both have been congratulating them. Jay Wilkinson of Daytona was a candidate, and made a hard fight, for the appointment at Daytona, but Mr. Jolly had the strongest pull and landed the position. The fact that Mr. Jolly publishes the only Republican newspaper in the state of Florida doubtless had some effect in influencing his appointment.

The Best Prescription for Malaria,

Chills and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply Iron and Quinine in a tasteless form. No Cure, No Pay. Price, 50c.

Notice.

By request of Senator Sams and Representatives Sparkman and Smith, I will conduct an examination in the courthouse at DeLand, on Tuesday, February 3, 1903, to fill the vacancy in the Bartow Military Institute at Bartow, Fla. Applicants desiring to take this examination should be at the courthouse at 8 o'clock on the above date.
BERT FISH,
Superintendent.

JOHN F. FORBES, Ph. D., DeLand, Fla.

EMORY COLLEGE

1836— OXFORD, GEORGIA. —1903

OXFORD is situated on a high ridge in the healthiest section of Middle Georgia, where there are no local causes to breed sickness. The College will continue to make every effort now, as in the past, to send forth young men well furnished in physical strength, in mental training, and in zealous Christian character.

Courses leading to the three degrees—A. B., Ph. B., and S. B.—are designed to lay broad foundations for any walk in life. After the Sophomore year, opportunity is given for election of studies in the direction of the student's special aptitudes.

The Central Dining Hall will offer good food at actual cost, not to exceed eight dollars per month. Furnished rooms are let at one dollar per month for each lodger. This system is under the immediate supervision of a member of the Faculty, who is assisted by a competent and experienced matron.

All necessary expenses for the college year may be brought within \$175.00.

FALL TERM OPENS SEPTEMBER 17, 1902

Dedication

The game. The good ball, and so on. In fact, DeLand team that she has years, but luck selected as something new. Both parties known to do better. The Ormond team, back as a demo-Park after the game offered for correct Wednesday. The party to which he team by a score of six years hence urday parties admit his ability. rles. Never his shortcomings may be.

DeLand's leading newspaper has dropped the name "Citizen" and is now known by the old and popular name, "Times-Union." Twelve or fourteen years ago the Times-Union was bought out by the News-Herald, but the former name was retained. About three years ago the Times-Union was bought out by the Citizen, and the paper published under the name "Times-Union and Citizen." In the interest of brevity the words "and Citizen" have now been dropped and the old name "Times-Union" resumed. Papers may come, and papers may go, but the Times-Union goes on forever.

Floridians should be utterly devoid of all petty sectional jealousies. Anything that benefits our section of the state helps all the rest. At present the most of the state is a wilderness—all sections need immigration and capital. If the East Coast is boomed and settled up, it is but a question of time when settlers will be forced to seek other portions of the state to find the best investments. The same is true of the West Coast, or Central Florida, or any other part. With an area able to support 25 millions of people, and with less than one million here, we cannot indulge in petty jealousy. We should all work together for the general good of the entire state.

The Democratic Executive Committee of Hamilton county roasts the governor because he did not consult the committee before appointing a treasurer for that county. The editor of THE NEWS is not much of a politician. He remembers something about Hamilton county politicians kicking out of harness last summer. Did not this committee refuse to participate in the state primary? Did not this committee refuse to abide by the rules for conducting the primary, as announced by the state committee? As we said, the editor is not positive about this, but he remembers something of the kind. If the committee did these things, it has no kick coming about the governor's action. If it did not "kick out of harness," perhaps there is some justice in the protest.

A member-elect of the Legislature from Manatee county has issued a call for a meeting of the voters of the county, for a heart-to-heart talk about the course they wish him to pursue at Tallahassee. Now that is the thing to do. Our three members from Volusia county should follow the example set by "the gentleman from Manatee"; they should issue a call, giving time and place, and let the people of Volusia county desire with regard to the county for good roads, on other subjects. THE NEWS for Volusia county is now for no-fence law. Our people consulted on this subject. Other matters would also be up at the meeting. This is an approach to direct government, is of course the expression of the people.

E. E. ROPES.
Astor, Fla., Jan. 16, 1903.

Finds Way to Live Long

The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the most infallible remedy that I have known for coughs, colds and grip. It is invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. Its relief is instant and cure certain." W. A. Allen and G. W. Fisher guarantee every 50c and \$1 bottle, and give trial bottles free.

Pierson surprised Mr. D. Pierson school teacher, and

ele, and no more of the said, compassed the dogged courage of the said. Briton who can sit calmly inside it. All of
